

the big picture

VISTA Automation Module (VAM)

Honeywell Total Connect

With over 10 million VISTA® control panels installed across North America, opportunity is everywhere. Go out and grab it!

The VISTA Automation Module (VAM) transforms the world's most popular security control panel into a home automation system at a price the competition can't touch. It enables easy, local control of security, cameras, lights, locks and thermostats on everyday smart devices. Want to earn more RMR? Offer VAM with Honeywell Total Connect™ Remote Services for on the go control. It's the formula for success—helping you sell more products, win new business and protect your existing accounts. **Get the picture?**
